

A world's leading manufacturer of power tools

 Double Insulation

 Variable Speed  
(Model UB1101 only)

# Blower

Model UB1100

Model UB1101 (Variable Speed)

*Compact and well balanced with an ergonomic handle for easy and comfortable operation.*

**NEW**

Can be used as a blower or as a vacuum with dust bag attached!

**1. Newly designed handle for more comfortable operation.**

horizontal application

Ergonomically designed handle keeps user's wrist at the same angle in any application for reducing fatigue.

**2. Vacuum Operation**

With an optional dust bag, it can be used as a vacuum.

**Vacuum Operation Free from Static Electricity**

Equipped with anti-static function to protect the user against shock through electrostatic build-up in vacuum operation.

Standard and Optional accessories for these new Makita blowers are the exactly the same as the ones for Makita famous blowers Mod. 4014N / 4014NV.

**3. Large Trigger Switch**

Photo: Model UB1101

Large trigger switch can be pulled with two fingers for reducing fatigue in operation.

UB1101 features a variable speed switch with speed control dial.
