Celebrating 100 YEARS of Innovation

GLOBAL

It all started with the motor 100 years ago. Makita Corporation was founded in 1915 as an electric motor sales and repair company. Today, as a **global brand in over 40 countries, Makita is an innovation leader**, manufacturing best-in-class products at **10 plants operating in 8 countries**. The unmatched quality and durability of Makita products is driven by the company's strong R&D capabilities, and have **earned the trust of professional users worldwide**. Every day, on jobsites around the world, Makita delivers the power, performance and durability that professional users demand with products that are more compact, have less vibration and feel better.

U.S.A.

Makita Corporation of America is located in Buford, Georgia. As a part of our global network of ten manufacturing and assembly plants, Buford is one source of Makita products used on jobsites around the world. Our product development team works closely with engineers on jobsites to develop products that **exceed the demands of the American contractor**. Buford, Georgia is also the site of the **Makita University**, a hands-on educational experience where customers learn the latest technologies, products and applications.

Drill Bits

ULTRAFAST® Bits

- Technologically advanced split point design - this drill penetrates on contact
- Aggressive chisel and rake angles combined with improved flute clearances provide better chip removal for faster drilling
- Premium high speed steel for a long life; 135° split point drills faster

High Speed Steel Step Bits

- Drills perfectly round holes in materials such as steel, brass, plastic, and wood
- Ideal for knockouts in electrical junction boxes and cabinets
- Efficiently enlarges and deburs holes
- 1/4" hex shank works directly with impact drivers and driver-drills

Heavy Duty Spade Bits

- "Spurs" cut cleaner, more accurate holes through hardwood
- The chisel edge design is more positively angled and digs into the wood
- Strong, durable bit lasts under heavy demand
- Available extra-long 16" length for added reach
- 1/4" hex shank works directly with impact drivers and driver-drills

Self Feed Bits

- Used by plumbers, electricians and other tradesmen for boring holes for pipe and conduit in wood
- Outlining spurs accurately define hole diameter
- Threaded screw point pulls the bit into the work providing a fast, easy to use self feeding action
- Heavy duty 1/2" shanks have 3 milled flats for secured gripping by drill chuck
