

POWER-CLEAN® MINERAL AND SCALE ELIMINATION SYSTEM

#1541

Test Button Feature

System Includes:
30" x 1/2" I.D. Drain Hose, Drain Hose Adapter, Mesh Filter & Mounting Bracket

FITS ALL EVAPORATIVE COOLERS

- Automatic Timer Periodically Activates Pump to Flush Cooler Water
- Connects Directly to Existing Cooler Pump (Recirculating Pump)
- Saves Water When Compared to Traditional Bleed-Off System

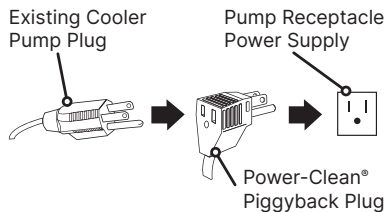

The Power-Clean® Mineral and Scale Elimination System does **NOT** replace the existing pump (recirculating pump) in your evaporative cooler! This pump must be connected to your existing cooler pump to operate.

Two Year Warranty

Note: Warranty does not cover water damage.

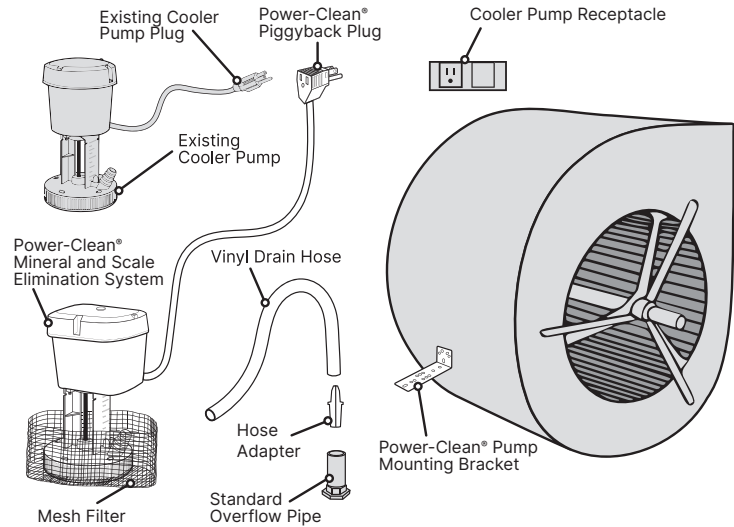

POWER-CLEAN® TEST BUTTON

The Test Button will activate the 7 minute purge cycle. Once this cycle is complete, the 8 hour purge timer will reset.

POWER-CLEAN® PIGGYBACK PLUG

Connects directly to cooler power supply and to the existing cooler recirculating pump.
