

Some still like It Heavy.

While our latest Island Tub Drain® turns heads with its sleek, reimagined design, the original isn't going anywhere.

Featuring a rugged 2-piece construction with metal deck flange, our classic ITD® remains the go-to choice for installers who trust the feel of heavy-duty hardware and time-tested performance.

Available in ABS, PVC and Cast Iron. Whether you're old school or just like the weight of metal in your hands — we've got you covered.
