
2-IN-1 COATED SOCKET SET

12 sizes in 6 sockets

**KLEIN
TOOLS®**

2-IN-1 COATED SOCKET SET

Klein's six-piece Coated Socket Set consists of 12 commonly used impact socket sizes for utility and construction work. Sockets are 20-percent lighter than the traditional impact socket set (Cat. No. 66010). The high-torque, 12-point design is easier to position on fasteners including square ones. The high visibility color coded plastic helps identify the right size socket for the job.

IMPACT WRENCH COMPATIBLE

1/2" DRIVE CAPABILITY

12-POINT DESIGN IS EASIER TO POSITION

12 SIZES IN 6 SOCKETS

1-1/8" x 15/16", 1" x 13/16", 7/8" x 11/16",
3/4" x 9/16", 5/8" x 7/16", 1/2" x 3/8"

High visibility color-coded sockets for easy size identification

Two coaxial spring loaded sockets in one tool

Cross hole design helps maintain socket connection to adapter or impact wrench

Durable coating helps protect against scratching and abrasion

High-torque, 12-point design making it easier to position on fasteners

Single-ended impact socket wrenches with hands free adjustment between socket sizes

66033

Deep socket with a 1/2" drive for pole hardware installation and removal
