| PC-05                               | Barb / light brown          | 18.93                  | 150                              |
| PC-07                               | Barb / violet               | 26.50                  | 150                              |
| PC-10                               | Barb / green                | 37.85                  | 150                              |
| PC-12                               | Barb / dark brown           | 45.42                  | 150                              |
| PC-18                               | Barb / white                | 68.13                  | 150                              |
| PC-24                               | Barb / orange               | 90.84                  | 150                              |
| PC-05-1032                          | 10-32T / light brown        | 18.93                  | 150                              |
| PC-07-1032                          | 10-32T / violet             | 26.50                  | 150                              |
| PC-10-1032                          | 10-32T / green              | 37.85                  | 150                              |
| PCT-05                              | NPT / light brown           | 18.93                  | 150                              |
| PCT-07                              | NPT / violet                | 26.50                  | 150                              |
| PCT-10                              | NPT / green                 | 37.85                  | 150                              |

### Pressure-Compensating Modules & Bubblers Performance

## PC Diffuser Caps

PC Diffuser Caps are designed to fit onto outlet of pressure-compensating drip modules

**Models:** (see page 129 for complete information)

- PC-DIFFUSER: Black
- PC-DIFF-PPL: Purple, to designate non-potable water

PC Module (PC-10-1032) with PC Diffuser Cap (PC-DIFFUSER) on PolyFlex Riser (PFR-PFA) (PolyFlex Risers available in 12" and 24" models - p. 130)
