

Product Overview

Use this gas conversion kit to convert your 60000 BTU Forsaire Furnace Natural Gas heater to Liquid Propane Gas.

- **For 60,000 BTU Forsaire Furnaces, 60077 Series**

This conversion kit is intended for use with Williams Furnace Company Heaters manufactured after 2013. Conversion kits for furnaces manufactured prior to 2013 may not be currently available.

To find the year your furnace was manufactured you will need to check the serial number of your furnace.

Please read your serial number as follows: digits 1 and 2 indicate the week your furnace was manufactured, and digits 3 and 4 indicate the year.
